SAFe® Scrum Master (SAFe® SSM) v6, certification

Hands-on course of 2 days - 14h Ref.: SUA - Price 2024: €2 060 (excl. taxes)

SAFe® (published by Scaled Agile) is a framework that enables large-scale Agile implementation within an organization. This training helps participants understand how to coach Agile teams to deliver business value at scale. It also covers the skills required to be an effective Scrum Master in a SAFe® organization and provides guidance on working in remote environments. Additionally, it prepares participants for the "SAFe® Scrum Master" certification.

EDUCATIONAL OBJECTIVES

At the end of the training, the trainee will be able to:

Empower and lead an Agile team.

Facilitate Agile events such as iteration planning, team synchronization, etc.

Support the execution of a Program Increment (PI).

Coach teams to continuously improve.

Prepare for the "SAFe® Scrum Master (SSM)" exam.

CERTIFICATION

The exam is administered online in French or English within a month following the training. It consists of a 90-minute multiple-choice questionnaire with 45 questions. A minimum score of 73% is required to pass the exam.

THE PROGRAMME

last updated: 06/2024
